How to use this FAST Timetable

- To follow a bus trip, you read across the page.
- Times are given only for certain points along the bus route called Time Points. If your departure or arrival point is between one of the Time Points, you will estimate the time the bus will be at your stop.
- Locate your stop on the map.
- Then find the nearest Time Point before your stop.
- Depending on which direction you wish to travel, find that Time Point on the schedule. Estimate the number of minutes it will take the bus to get from the nearest Time Point to your stop.
- Then choose the time you need to travel.
- When a blank appears under a Time Point, it means that a bus does not pass by that point on that particular trip.
- Be at the bus stop a few minutes early to allow for errors in estimating.
- All times given may vary with weather or traffic conditions.

Fares

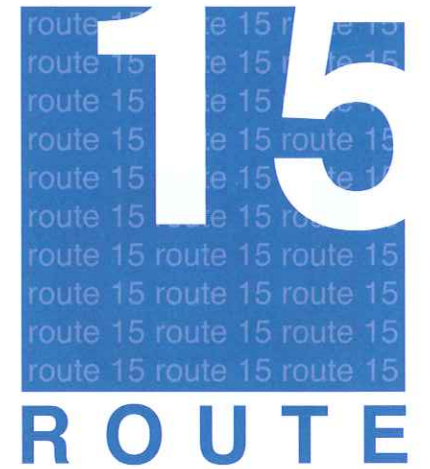

You must pay your one-way fare in exact change, since FAST operators do not carry money.

Transfers

If you need to transfer between buses to complete your one way trip, you must ask the bus driver for a transfer slip. Bus transfers are given to the driver and must be used within an hour after receiving one. Two or more transfers may be needed to complete a trip.

Notice

Although FAST makes every effort to operate its service as scheduled, times given may vary because of road, traffic, and other conditions. Please allow sufficient time in meeting your bus with variations in schedule.
